

Transportation Services

Anderson Acres, always on the leading edge, providing the services animal owners want and need, offering a multitude of services intended to make your life just a little bit easier when it comes to caring for your pet. Our transportation services are offered with that in mind. Anderson Acres provides quality care and transportation for your pet in our fleet of air-conditioned vans.

Pick-up & Delivery

Our vans are available in the Greater Bakersfield area for our boarding and grooming clients for a nominal fee. **We drive, so you don't have to!**

- **Boarding** Our vans are available Monday through Saturday by appointment. Additional charge for Sunday pick-up or delivery. We provide transportation from your residence to our kennel and bring your pet home upon your return. Or should you choose to, we can pick-up or deliver.
- **Grooming** We have carefully planned routes, serving specific neighborhoods on a particular day of the week. Designed to keep travel time down for your pet, our *pet carpool* is an efficient and economical way to maintain your pet's care, using our gas, not yours!
- **Veterinarian** We are available to provide transport of well pets for check-ups or vaccinations in the Greater Bakersfield area by appointment only. For the safety and welfare of all the pets we care for, we are unable to transport sick, contagious or pets with vomiting, diarrhea or bleeding. Assistance for euthanasia and remains transport is available.

Pet Transportation & Relocation

When we were approached by a local moving company to assist in the transport and relocation of pets belonging to a family they were moving, we never thought this would become an integral part of our business. But it has, and over the years we have provided customized service and quality care to a multitude of families and their pets relocating world-wide.

The unique requirements of pet transportation and relocation make this a very specialized service. Known as *Anderson's Pet Express*, we have the knowledge, skills, certifications and security clearances required to move animals around the globe in a post 9-11 world.

With associates located in Arizona, California, DC, Florida, Hawaii, Washington, New York and access to qualified pet transporters world-wide, we are able to offer very personalized service.
